MAKES

Looking

Alèxandria Gazette for 1882.

THE ONLY DAILY PALES PUBLISHED IN NORTHERN VIRGINIA-ONE OF THE BEST ADVERTISING ME-

DIUMS IN THE STATE.

The ALEXANDRIA GAZETTE and VIE-GINIA ADVESTIBER, begun in 1799, is the o'dest newspaper in the State, and the only daily published in Northern Virginia.

Already read by three generations, it proposes to continue its useful life, and now enters upon another (the eighty-third) volume, determined to be the newspaper of the er; in Virginia.

The Gazatte will put forth its utmost endeaver to continue a model newspaper, and its success during this entire century in cetering to the wants and meeting the wishes of the people, guarantees that with this paper promise means performance.

With the coming year all the improved mothods of making a standard newspaper will be continued, with such additional facilities as experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful survice to the city, the state and the country by a condid criticism of men and events in the interest of the people of the Commonwealth of Virginia.

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with but few exceptions, the only paper between Bultimore and Bichmond that is thus connected with the great foundains of the world's news.

Its contiguity to Washington gives the Gazitte an early precedence over all the journals of the State in intelligence of the operations of the General Government The proceedings of Congress will be regularly reported in succinct form for its columns, but all matters of est soial interest in Virginia will be given in detail, and the full text of all tills of local interest will be

From the State Capital it will receive carly and accurate accounts of the proceedings of the General Assembly and of all the operations of the State government likely to interest the people.

To meet all the demands upon it, the Gazette wilbe made a Washington and Ribe. MOND NEWSPAPER, as well as an ALEX-ANDRIA JOURNAL. The Richmond and Washington news of past years has left little to improve, but yet greater effort will be made to inture absolute perfection in these departments.

As the interests of the people mainly centre of home, no rains will be spared to chronicle all matters occurring in the city and neighborhood, carefully excluding unsectally expressions or gross narrative as unfit for a journal that is treasured at many thousand hearthstones of Virginia.

The city of Alexandria will find as usual its daily history in each evening's issue, and the intelligence of that section of the Commonwealth which nature has bound to Alexandria by the enevature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assidulously chronicled.

The past of the Gazette is offered as an index of its future. It has never failed to avail itself promptly of all the improvements which come with the greater growth and more extended experience of journalism.

In the progress of the growth and enterprises of our city a Telephone Muchange has been established greatly to the benefit of the business community and with which the Gazette was early connected thereby putting the office in immediate communication with all parts of the city and faciliting the collection of news, &c.

Repocial attention will be devoted to presenting, as well from original sources of information as from its exchanges, the news of Virginia.

Concisely and completely it will give the news

of the world.

The Business and Commercial columns of the Gazatle will be filled with the earliest and most exset commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible. The farmers, drovers and commercial people of the State hoow they may depend upon the Gizette.

Barly and reliable reports of the Grain, Cattle, Grocery and other Markets will be furnished, and the prices and position of the stocks, which are the subjects of business transactions in this section of the country, carefully quoted.

The continual favors of those who have once used the Gazetta as an advertising medium is a warrant for saying that it pays to advertise in its columns which experience has shown to afford greater returns for a small investment than any other which can be made.

An Amorous Class-leader.

Few men held their heads higher in Rexborough than descon Edward S. Su ch. None were more highly respected, and few of the members of the Central M. E Chutch could pray louder. Bu, according to the swere statements made by Ale Irene Greger, Morday before Magistrate Buir, ia Manayunk, care. Mr. Su'c'i has been guil y of gross indiscretion at least. Ada is a passali y good-looking girl. She is only 16 years of age, but her develof most is that of a l'imale far above her years, She was a servant in the family of William McFadden, and on the evening of January 1 she was walking along East L-zington street, between Ridge averua and the Perk. This is she was walking along East L-xington street, between Ridge evenus and the Park. This is a very lonely portion of R x coronge, and Ada was on her way to be relief to the part of the part was on her way to ber tister's us-coompanied. While walking along the street she was ever-taken by Saich, who ested her if she did not fear to wilk along each a lonely road without company. He volunteered to escat her, and at the same time offered the use of his unbrella. These attentions w re refused by Ada, and she begen to fear the man, who exhibited a wonderful san unt of familiarity on a short arquaistance. To add insult to injury Sutch drew his nabrolla down cv r the head of himself and the affrighted girl, placed his arm accurd her waist, dr w her to him as a lover does his afficient and imprinted a couple of whim and afficiente kisses upon her lips. The the proposed they should wak to a mere retired part of the city, and when tency, Involuntary Emissions, Fremature Old the girl refused Sa ch said he would see her ago caused by over exertion, self-abuse, or over some other evisions. To all this Miss Grane some other evening. To all this Miss Gregor objected, and she flatly refused to have anything to do with the amoreus discon or to meet him egain. When she threatened to seream the took to his heels and lefe the girl on the street thereualy sented. After this Su ch preconded to church, and more song louder or prayed longer than be on that night. He kept the secret to himself, and his prants might not have become public and he cot spoken to Mc. A. B. Detwiter while walking with the Greger girl. Ada porioed this, and the next morning she colled on Mr. D twiler and asked who the men was that he had spoken to on the previous evening when she passed the door. He told her that is was Mr. Surch. Adminformed Mr. McFadlen of what had occurred, and in turn related the story to her mother. Upon the advice of friends it was agreed that Sutch should be air sted, so accordingly be was given a bearing by Magistrato Barr Monday afteruooo. The office of the Police Judge was packed with Manayunkers and the atreet outside was fixed with wemen and men. Their sympathics were strong for the girl and against the loving descou, and when Magistrate Barr appounded that he would hold Su ch in \$1000 bail for Court applause sprung up on all sides. Mr. Such is well known in the Twenty first ward. He is a marri d man and the father of ix children. He is a carriage builder, and in addition holds a place under the Gas Trust as inspector of lamp posts in the ward. The Greger pirt also beers an excellent repula-

ios. - Philadelphia Record. A FIMILE .- At President Arthur's New Year's reception the closing scene was decidedly dramatic. A woman leading a small child ap prosched, when the stalwart Executive, band. ing down, picked up the little thing and kissed it, to the admiration of all present. It was doubtless a "stage child," specially provided for this grand coup do thesire, and reminds us of a little story:

There was a moment of awful suspense as the procession waited for the honorable Samuel Slumbey to step in his carriage. Buddenly the crowd set up a great cheering.
"He has come out," said little Mr. Perker,

greatly exected; the more so as their position did not enable tacm to see what was going for-

Another cheer, much loader.
"He has shaken hands with the man," cried

the little agent.
Another cheer, for more vehement. "He has patted the babies on the head," said Mr. Perker, trombling with anxiety.

A roar of applause that rent the air.
"He has kused one of 'em !" exclaimed the delighted little man, A second roar "He has hissed another," gaspel the exclud

manager.
A third roor.
"He's kizeing 'cm all!" scro-med the enthusiastic little gentleman. And halled by the deaf-ening shouts of the multitude, the procession moved on - Electioneering Progress of the Hon, Samuel Sumkey - Pickwick Papers.

"The Proof of the Coffee is the Brink ing."

THE "IDEAL" COFFEE AND TEA POTS.

The best in the world-Perfection and Chvapness combined, made of the best nighty polished Tin : a so Mickel Flated and Silver Lined It is the only pot that keeps the coffee entirely son state from the tin; no perforated tin to rust cut; hence there can be no metalic taste in the infusion. All the aroms and steam is kept in this pot, and the coffer is as clear as amber. It is endorsed by the "cleatific American," "Iron Age" and the "Metal Worker," and recommended by Mrs. E. B. Hayes. Mrs. Bishop Simpson, Mrs. Dr. Agnew and bets of others as well known, besides many in this city who have them in actual use. Sand for illustrated price list.
